“Putting the Spa'kle in Royal Leamington Spa's Crown”...

These are the words of Gerry McManus, the manager of the Royal Priors Shopping Centre who very sadly passed away in September at the age of 52.

Gerry spent the best part of 17 years supporting business in the town centre with a wealth of knowledge, experience and enthusiasm.

He was a champion of all things good and had that very special quality of being someone people loved to work with. He was hugely passionate about supporting independent businesses and was a generous team player who believed that when we work together in a town, we all benefit.

As one of the key instigators of BID Leamington over ten years ago, he served as a board member with passion, positivity and good sense – in his words ‘working to make sure the jewel in Warwickshire’s crown is sparkling’.

It is with thoughts of these qualities, which we will dearly miss, that we look to move forward this Christmas and embrace the spirit of community, family and friends.

The BID team care for the town and its business community immensely. We are committed to representing your interests and to helping shape the way the town develops. That is why this newsletter is particularly important. Things are changing and the need for your BID is greater than ever as we look to influence the agenda.

Please read on and let us know your thoughts on the Covent Garden proposal. Consider getting involved in our Christmas activities - like the Golden Ticket, Lanterns or Christmas Window Reveal which collectively bring some magic to the town.

Alternatively give us a call and we can dream up some ideas together. There is nothing we like more than helping businesses to get the best out of the town, so please keep in touch and have a lovely Christmas!

Covent Garden Car-park Redevelopment
PLANS HAVE BEEN SUBMITTED
Please take note and where relevant, forward these details to your head office or put them in touch with us if they have a view.
Warwick District Council are proposing to redevelop the Covent Garden Car-park. This will affect 468 car parking spaces (or 31% of the town's total off street car parks). During construction (approx. 2 yrs) up to 29,000 users per month (900 per day) will be displaced. (Average users across 12 months is 25,000 or 800 per day)
A detailed planning application (Ref: W17/1700) has now been submitted and local businesses have until early December to comment.

BID Leamington has invested a huge amount of time researching the potential impacts and representing business interests on these plans.
In summary, we accept the car park needs to be developed and we welcome investment to improve parking, ensure WDC staff are retained in the town centre and take the town forwards. However, at this stage we are concerned that these plans will create significant challenges for local businesses - staff and their customers.
To mitigate the negative impacts of losing so much parking during the construction phase, and to ensure the provision of adequate future parking, we are suggesting the Council develop the Chandos Street Car Park first. This currently has 146 spaces and could be increased to create capacity for the future development of Covent Garden at a later date.

Please let us know what you think?

See our website for more detail and how you can help to influence this proposal.
CHRISTMAS TIPS!

Tis the season for shoplifting ...

It's that time of year again and we are aware of individuals who are working both alone and in groups so here are some tips ...

- Ensure staff circulate the floor to ‘hidden’ areas.
- Locate “target products” in visible areas away from the entrance.
- If you see any shoplifting please report it to the Police by phone or via the Retail Radio. We have a radio in the office so please contact us if you don’t have one.
- Call 999 if it is happening.
- Call 101 if it has happened.
- Please describe: time, location, gender, height, clothes, approx age, # of people.
- Stay in touch with other retailers.
- Let us know ... it is important we know when crimes are being committed so we ensure the continued support of the Police and others.
